Finding your reading strength...

1. Print out this sight chart on A4 paper. Once printed, this line  should measure 1" (2.5cm) in length.
2. Hold the chart about 14" (35cm) from your face.
3. Without wearing glasses, identify the first line that you can read clearly.
4. The number to the right of this line is a guide to the reading strength you will need.
5. After receiving your glasses, please use this chart to see the difference!
